HOW CAN WE REALIZE
THAT POWER?
WHAT WILL WE DO
WITH OUR POWER?

ORGANIZE!
ESPECIALLY ACROSS SECTORS
POWER WHEN WE
WORKERS HAVE ENORMOUS
and yet...
what can one person do?

LABOR IS POWER.
so what will you do?
- RESEARCH: what are your field's
ties to Zionism? What is the history
of RESISTANCE and COMPLICITY to
Zionism in your field? How are
major institutions in your field
responding to the genocide?
- BUILD POWER: Find out who's on
your side. Get to know each
other. Make demands TOGETHER.
Take risks COLLECTIVELY.
- USE MANY TACTICS: organize
sick-outs, strikes, vigils, boycotts,
petitions, phone banks. Show up to
protests in blocs. Leaflet your
workplace, hold a teach-in, and
LEARN TOGETHER.

PALESTINIAN RESISTANCE HAS A
LONG HISTORY WITH
LABOR STRIKES

WORLD, WORKERS HAVE FOUND
WAYS TO STOP THE WAR
MACHINE.
ALL OVER THE

In 1973, Arab autoworkers used WILDCAT STRIKES
against the UNITED AUTO WORKERS (UAW) &
convinced several UAW locals to
DIVEST holdings in Israel.

In 2014, the INTERNATIONAL LONGSHORE
WORKERS joined with the ARAB RESOURCE
AND ORGANIZING CENTER to block an
Israeli shipping container from docking.

Trade federations internationally have
divested from HISTADUT,
Israel's racist trade union that
powers the Zionist project.
